

# Bay Area EV Meet-Up

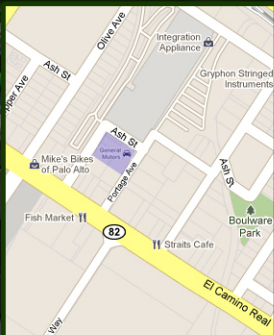

Bay Area EV owners are invited to meet up, mingle and share stories from the road. Hosted by Chevy Volt owner #10 Patrick Wang, this event will also be a chance for media and interested Bay Area residents to hear what it's like to own an EV in a region that's positioned to become the EV capital of the world.

Continental breakfast will be served at the General Motors Advanced Technology office, where attendees will get an up-close look at GM's current and future innovations.

When:  
Saturday, Aug. 6  
10AM-12PM

Where:  
GM Advanced Technology Office  
422 Portage Ave, Palo Alto, CA 94306
